PARENT INVOLVEMENT

K12 American Academy readily assists parents and students to create a productive learning environment.

Parent involvement:

- The unique learning platform enables parents, instructors, advisors, and teachers to have access to student accounts to ensure student is progressing well

Parent info sessions:

- 2x per month, we host virtual open houses to meet for prospective parents.

Online open houses:

- Online open houses are held every other week to meet with our academic/instructional coaches and consultants via zoom. This is an opportunity for parents to learn strategies for assisting their kids learning. We also take in parental insight, questions, comments, and/or concerns during these meetings.

ADULT DIPLOMA (GED)

The adult program is just a simplified version of our regular diploma:

- Instead of 24 credits, it is 18 and students do not have to take their foreign language or PE/Health Electives for this diploma.
- If any high school credits were completed prior to attending our program, we may be able to count those toward their graduation with us and reduce the number from 18.
- All students must complete a minimum of 6 credits to receive a diploma for any of our programs.
